MINIMUM CONTRACT TERM

1 Month or 36 Months

EARLY TERMINATION CHARGE

If you're signing up for the 36 plan and you leave within the contract period, you will be charged \$5 x months remaining in the contract. For example, if you sign up for 36 months and cancel in month 12, you will pay \$120, which is \$5 x 24 months remaining.

If you're purchasing additional hardware in order to access the service, for example a Commander Phone Handset on a Monthly Repayment Option (MRO), cancelling within the repayment period will trigger early repayment of the hardware calculated as the MRO x months remaining in the hardware repayment contract. For example, if you are paying \$10 per month over 24 months for a cordless handset and you cancel the Commander Phone service after 12 months, you will pay \$120 which is \$10 x 12 months remaining.

HOW WE CALCULATE EARLY TERMINATION FEES

If you’re signing up for the 36 plan and you leave within the contract period, you will be charged \$5 x months remaining in the contract. For example, if you sign up for 36 months and cancel in month 12, you will pay \$120, which is \$5 x 24 months remaining.

If you’re repaying hardware in order to access the service, for example Commander Phone Handsets, then cancelling the associated service will trigger a lump sum early repayment of the hardware on the next bill. For example, if you are paying \$10 per month over 24 months for a cordless handset and you cancel the Commander Phone service after 12 months, you will pay \$120 which is \$10 x 12 months remaining.
