

Business One SIP PAYG

CRITICAL INFORMATION SUMMARY

SERVICE AND PRICE INFORMATION

The Business One SIP PAYG Plan is a Commander SIP Plan available to new Commander customers only. Commander SIP services are basic phone lines, or channels, connected via the Internet, also known as VoIP or IP telephony. They are generally used to connect SIP capable phone systems or gateway devices to the telephone network. You can transfer your existing Office Phone service or activate a new service with Commander. A minimum of 2 SIP channels are required and single channels can be purchased after the minimum at the same rate. Commander SIP services are not available for resale or high-volume telemarketing. Commander is responsible in supplying these services to our customers and we have no other affiliation or relationship with our wholesalers outside of our wholesale agreements. Equipment is generally required to access the service. In the event of a power outage, your Commander SIP services will not work unless you maintain a back-up battery solution. This service has a 1-month, 36 or 60-month minimum term applicable.

PRICING

Commander SIP	Business One SIP Month to Month	Business One SIP 36-Month	Business One SIP 60-Month

For details of charges for usage types that are not listed, please contact Customer Service on 132 777.

MINIMUM CONTRACT TERM

1 Month, 36 or 60 Months.

Minimum 2 channels required.

EARLY TERMINATION CHARGE

If you're signing up for the 36 or 60-month plan and you leave within the contract period, you will be charged \$5 x months remaining for each channel in the contract. For example, if you sign up for 60 months and cancel in month 36, you will pay \$120 per channel, which is \$5 x 24 months remaining.

If you're purchasing additional hardware in order to access the service, for example a Commander Business Modem, on a Monthly Repayment Option (MRO), cancelling within the repayment period will trigger early repayment of the hardware calculated as the MRO x months remaining in the hardware repayment contract. For example, if you are paying \$10 per month over 24 months for a modem and you cancel the Commander SIP service after 12 months, you will pay \$120 which is \$10 x 12 months remaining.

OTHER INFORMATION

KEY DETAILS

Your Commander SIP Monthly Access Fee includes channel rental. Calls are charged on a pay as you go (PAYG) basis. Call types not listed, as well as

optional Value-added services and any equipment required to operate your service are charge in addition to your Monthly Access Fee.

This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure. Commander does not offer Priority Assistance.

USAGE INFORMATION

For information about current usage levels log into 'My Account' at <https://www.takecommand.com.au/#/login/>

PAYMENT OPTIONS

Payment by Direct Debit from a bank account does not incur additional fees or charges. Additional charges apply for other payment methods. For details, see your invoice, our Schedule of Fees & Charges on our website [commander.com.au/customer-terms](https://www.takecommand.com.au/customer-terms), or contact us on 132 777.

HOW WE CALCULATE EARLY TERMINATION FEES

If you're signing up for the 36 or 60-month option and you leave within the contract period, you will be charged \$5 x months remaining for each channel in the contract. For example, if you sign up for 60 months and cancel in month 36, you will pay \$120 per channel, which is \$5 x 24 months remaining.

If you're purchasing additional hardware in order to access the service, for example a Commander Business Modem, on a Monthly Repayment Option (MRO), cancelling within the repayment period will trigger early repayment of the hardware calculated as the MRO x months remaining in the hardware repayment contract. For example, if you are paying \$10 per month over 24 months for a modem and you cancel the Commander SIP service after 12 months, you will pay \$120 which is \$10 x 12 months remaining.

STANDARD INSTALLATION REQUIREMENTS

You are required to install any equipment (such as Commander Business Modems) that you purchase with your Commander services. You are also responsible for any associated cabling, network configuration and any routers and/or switches within your network to allow the services to work.

HARDWARE

An Internet connection and supporting connectivity hardware is required to use this service. If you use this service in conjunction with the Commander Business Modem hardware and a Commander Internet service on the same account, our 4G Backup feature is enabled free of charge. 4G Backup enables you to make and receive calls over the mobile network, in the event of a service interruption or network outage on your primary Commander Internet service. For more information: [commander.com.au/phone/business-continuity](https://www.takecommand.com.au/phone/business-continuity)

SERVICE AVAILABILITY

This plan is only available to new Commander customers, or previous customers who have no active services on their account at the time of application. Services may not be available to all areas, premises or customers. If we are unable to connect all your requested services, we will attempt to contact you to discuss further options first or, if we can't contact you after making reasonable attempts, we will cancel your order. An Internet service with a minimum of 100/100 Kbps per concurrent call is

required for a Commander SIP service. You can utilise an existing Internet connection or request a new one from Commander. Applicable Internet rates apply. To use a Commander SIP service, you will need a high-speed Internet service (broadband), a SIP capable modem/router and a SIP-enabled PBX. These can all be sourced additionally from Commander if required; please speak to your Commander representative for more information.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Commander to unblock these destinations, upon accepting full responsibility for payment for any calls from your service makes to these destinations.

You must inform us if the service is intended to be used in conjunction with a disability or medical service, back to base alarm or is intended to carry data services such as Fax, EFTPOS or HiCaps. These services may not be supported or may require an alternative service or additional equipment.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Commander to unblock these destinations, upon accepting full responsibility for payment for any calls from your service makes to these destinations.
