Applicable from 1 January 2018

## APPLICABLE FROM 1 JANUARY 2018

Commander Power & Gas may apply the following fees and charges to your account as applicable. Service Order Fees vary depending on your Electricity Distributor and State. Account Transaction Fees may apply for electricity accounts, according to contract terms and conditions. These fees and charges may change from time to time. For the latest charges please check [commander.com.au/cpginfo](http://commander.com.au/cpginfo).

## ACCOUNT TRANSACTION FEES

### Direct Debit & BPay Fees

A fee will apply for each payment that is collected using direct debit from a bank account or where BPay is used as a payment method. MasterCard and Visa Credit card payments do not incur a fee. A surcharge applies to American Express and Diners Card payments.

### Printed Bill Fee

A printed bill fee will apply for each bill we post, if you choose to have your bills posted to you (not applicable in NSW). Email delivery of bills does not incur this fee.

### Australia Post Payment Fee

An Australia Post Payment fee will apply for each payment that is made at an Australia Post outlet (not applicable in NSW).

### Dishonoured Payment Fee

A dishonoured payment fee may apply for each payment we attempt that is subsequently declined by your financial institution.

### Other

We may also charge you, where allowed by Energy Laws, for costs we incur in the provision of historical billing data, implementing alternative payment plan arrangements with your consent (such as a shortened billing cycle or, if you are a business customer, an instalment plan) as a result of dishonoured payments or for provision of hard copies of customer related codes.

## PASS THROUGH CHARGES

Where a Distributor charges us for activities it undertakes on your behalf, or in response to a request by you (other than activities for which we charge a Service Order Fee), we may also pass through these charges to you. A Service Order Administration Fee may also apply.

## SERVICE ORDER FEES

### Move In / Connection Fee

A connection fee may be applied to your account if your Supply address is required to be energised (power switched on), or if you are moving home and a special meter read is required.

### Field Visit Fees

A field visit fee may be applied to your account if a visit to your property is required for a special meter reading, collection of unpaid accounts or any other purpose.

### Remote Reading Fees

Remote reading fees may be applied to your account if data from your meter is collected remotely at your request. Remote services are only available where remote access is available or to meter installations that have remote capabilities.

### After-Hours Distributors Service Fees and Charges

If you require an after-hours service visit from your Distributor for connection of your Supply address (where available), or as a result of a service request made by you (e.g. to repair a fault on your equipment), any charges the Distributor invoices to Commander Power & Gas, will be invoiced on your account.

### Service Order Administration Fee

A Service Order Administration Fee may be applied to your account to recover our associated administration costs if we pass through Distributor charges to you for activities the Distributor undertakes on our behalf for you, or in response to a request by you.
